50 Victoria Street  
London. SW1H 0TL

6th September 2020

Dear Sir,

I am a resident of Martins Heron, and have lived in Martins Heron and Forest Park for the last 33 years. I have reviewed the draft consultation dated 30 June 2020 and the original consultation.

In the original version you proposed that the area of Martins Heron and the Warren be included in the Bullbrook ward. There is no community affinity or link with Bullbrook; I am therefore pleased that you have revised this so that Martins Heron, the Warren and Forest Park be included in the proposed new ward of Winfield South. There is a strong community link between all three areas consisting of two community centres, shops and Savernake and Allsmore Parks. Many residents moved to the area due to easy access to Martins Heron Railway station.

I have received a copy of the proposed submission of the three councillors of the existing Harmans Water Ward which I view to have been written in self interest as councillors and certainly not on behalf of the community. Two of the councillors do not live in the current Harmans Water ward and I feel do not communicate with residents in Martins Heron and the Warren except at election time. They hold no surgeries in Martins Heron or the Warren and are rarely seen.

I would observe that there is no community link between Martins Heron and the Warren with either Harmans Water or the Parks in the current Harmans Water ward; but a closer association both with the Parish of Winkfield and Ascot.

I am therefore supportive of your revised proposal for the new ward of Winkfield South.

Yours faithfully
