### **Comment text:**

The proposed move of Warfield Quelm Park into the Priestwood and Garth Ward is of concern. Quelm Park was built as part of the 1990s development of Warfield and has very strong community ties to Warfield. Residents use the schools, shops, surgeries and other facilities of Warfield. All access to this area is via the roads of Warfield, not via the Priestwood area. Please consider including this as part of Binfield North and Warfield West area. Also would it not make more sense to include all of Warfield Park within Warfield East rather than splitting between that and Winkfield North, Again Warfield Park has one strong identity so being warded thus makes more sense.
