Comment text:

Hello I've lived predominantly in Chalk, [REDACTED] for most of my life and I'm now 46. [REDACTED]

[REDACTED] We feel that our development (that is, all houses on the west side of Dering Way) should be classified as part of Chalk rather than Denton. Our GP was in Chalk, we use the shops and dentist in Chalk and have no social links with Denton other than having to vote there. I therefore request that the boundary area to be reconsidered. It would make more sense for all housing behind the North Kent College be included within the Chalk boundary. We don't identify with living in Denton and I do feel that this association could also in some way have a detrimental effect on house prices in the area since Denton generally has quite a poor reputation locally. I would also appreciate if we in the local area could be kept much better informed about this consultation as we have only found out about this by chance. Many thanks [REDACTED]
