### Comment text:

I live on the edge of Dothill ward-on the north side of Leegomery Road, with the ward boundary being along the middle of Leegomery Road, which means that the properties on the opposite side of the road are in a different ward-College ward. This situation makes little sense as if a problem arises requiring the attention of a councillor it means that residents may be unsure about who the appropriate councillor would be. With the proposed ward changes, whereby Dothill is to be joined to Shawbirch, making it a large ward geographically, would it not be better to include both sides of Leegomery Road in College ward? It would make sense to do this while other boundary changes are being made.
