### Comment text:

As a long term resident of Sutton Hill it is of great concern to the proposed change to the boundries of Madeley & Sutton Hill. Sutton Hill has very few amendities and therefore rely on those in the Madeley area. For example any cost effective shopping, access to the library, independent retailers are all situated in Madeley. Access to medical & pharmacy care, which has now largely being removed to Stirchley, means that Madeley is a much better option. Sutton Hill is a closed loop community which will become even more so if the boundries are redrawn with housing and social issues pushed further away. It has only been the intergrated approach and commitment of the current 3 councillors which has improved the visibility of both community and who continually bring to light issues that effect both socially intertwined communities ensuring both are supported. If there is only 1 councillor and they are expected only to deal with Sutton Hill then this reduces the effectiveness and will be detrimental to both Sutton Hill and Madeley.
