Comment text:

The remaining properties along Manor Green Road (especially Court Farm Gardens) should be reclassified as Stamford instead of Court. A few reasons for this reclassification include: 1) Geographically, it naturally completes the area along Manor Green Road in terms of highway boundary (see attachment) 2) Better representation of issues relating to Manor Green Road as this area is more in keeping with the interests and identities of Stamford rather than Court. 3) Previous issue with the planning permission of the Blenheim Pub meant that objections were received from both ward (Stamford and Court). The councillors for Court was contacted but reply was inadequate and lacking. It was a poor representation of voters in this area. This may be due to this area being in the fringes of Court and therefore, was not representational of the general Court area. 4) The reclassification only affect a small number of voters so it should not affect the equal numbers of voters in each ward. 5) In term of Neighbourhood watch, information from Stamford is more relevant than issues in Court due to the close proximity. 6) Historically, the properties along this road was built at the same time so the identity is more relatable to Stamford rather than Court.
