I think that Ewell Village should be a ward of its own, there's lots of work to be done to improve the village and lots of support from the local community to make it happen. A community project of around 400 people has just been launched, a 12 month challenge to revive Ewell Village High Street to bring back annual events, fill empty shops and make it more attractive. It would help to have a councillor who's attention and focus is on the village.
