Subject: Molve Valley Boundary Chages

Categories: Submissions, [REDACTED]

The boundary changes do not make any sense. It splits the Bookham High Street and Lower Shott shops into different wards and negates the LGBC objective of maintaining village identities. The new arrangements should be beneficial and effective for Local Government (also an LGBC requirement) and I cannot see anything in the boundary changes that would improve the situation just that my new hybrid councillor may not have all the nuanced information that I would like them to have when dealing with my local issues.

On a personal level I object to being ousted from Bookham and being lumped into a very strange arrangement with a part of Fetcham.

Please listen to the local population and the views of the local residents associations and rethink your proposals.
