### Comment text:

It is surprising, to say the least, to find the two villages at the foot of Box Hill, in the Ward to be called Leith Hill. Leith Hill is certainly over-stretching itself to include Mickleham and Westhumble. Please think again. Westhumble's Railway Station even has "Box Hill" in its full title of "Box Hill and Westhumble" code BXW. Members of these communities associate themselves with Box Hill rather than its taller rival.
