Comment text:

Wootton Parish Council wish the boundary to remain the same as is the Nene Valley Ward. The Council is planning to carry out a Community Governance review during 2023 which will look at moving the Parish Boundary to incorporate some of Hackleton Parish. This inclusion will take the form of the "Morris Homes" development. Residents in this development use Wootton for it's local facilities and do not feel part of the rural parish of Hackleton. Nene Valley Ward as is is very connected and the Parishes forming this area have close working relationships. They have similar requirements and were all part of the old "Borough Council". The Parishes are close to the M1 and mostly border the A45 which is the main trunk road into Northampton from the West.
