Comment text:

Hackleton Parish Council is a demographically large rural parish. It would like to be in a Ward with other rural parishes so that its unitary councillor(s) deal with similar issues across the whole of the Ward. Currently for example Grange Park forms part of our ward and this area experiences very different urban issues to ourselves. We therefore recommend that a new Salcey ward be formed named after the forest which sits central to the following parishes which should form part of the 2 councillor ward Hackleton, Brafield on the Green, Quinton, Yardley Hastings, Castle Ashby, Cogenhoe & Whiston, Denton, Hartwell, Little Houghton and Great Houghton. This would be a rural ward with similar issues, demographics and geographically related.
