Buckton Fields is allocated to Boughton parish as the boundary lines of Northampton and Daventry. The line runs down the estate, next to the bowls club, so the entire Buckton Fields development is in Daventry area, the nearest parish is Boughton so should stay in Boughton. I bought my house on Buckton Fields because it was part of the Boughton paris and feel complete aggrieved that there is talk about it move over to Kingsthorpe. If I wanted to live in Kingsthorpe, I would have bought a house there. It feels like this was the plan all along at the start of the development. Start in the parish of Boughton to demand a higher sell price, per house and now that the development is two thirds done, change the goal posts. I am not happy about this suggested change at all.
