Comment text:

Buckton Fields house prices were based on Boughton Council as the estate boundaries are within its limits. There is a proposal to move the estate into Kingsthorpe which is unfair in relation to what we paid and the possible devaluation houses would have. Besides Boughton Parish Council makes a lot for the estate and is promised to do even more once the last phase of construction is completed. Kingsthorpe is a highly populated area and we would be just another one. Things are working fine and smoothly here so why touch it ? Overall it is not fair to change Buckton Fields to any other area than what we were sold to. Thank you.
