As a Kingsthorpe resident, I would like to make the following comments. 1 - The boundaries for the wards in Kingsthorpe should match the boundaries of the Parish Council. At the moment, there are areas of Kingsthorpe (as followed by WNC) that are in Kingsthorpe Parish Council, and other parts which are within Northampton Town Council. This is confusing to residents. 2 - As Kingsthorpe Parish Council has 5 wards (which follow the NBC Boundaries) it seems common sense for WNC to follow this area as well. This could be done either by having five individual wards, or by having 2 wards, one of 3 councillors consisting of 3 of the Parish Council Wards, and the other one having 2 councillors consisting of the other 2 Parish Council Wards. 3 - Although Buckton Fields estate borders on Kingsthorpe, it is part of Boughton Parish Council and has been treated as very distinct from Kingsthorpe. Suggesting that this area should now fall under the boundary of Kingsthorpe North whilst still remaining part of Boughton Parish Council feels like a move sure to confuse residents, and I would suggest the residents of Buckton Fields should be canvassed separately to understand their preferences.
