Comment text:

Whilst accepting, in general, the recommendations of the review to include Blymhill and surrounding area into a new 3-member district ward, I must object to the omission of Coven from the new ward title. Coven is a village of significant importance in the district with an electoral size similar to that of Brewood. As a representative of the residents in Coven Heath, I am advised that this omission may be viewed as further disenfranchisement of an already marginalized community. Having spoken to a number of residents in Coven, Cross Green and Coven Heath, I am assured that they are strongly opposed to the omission of Coven from the new ward title. Cllr. David Short Chairman Coven Heath Community Association
