Comment text:

Malvern Hills District. Castlemorton Parish Council wishes to comment in light of the further draft recommendations as advised by the Boundary Commission. Castlemorton Parish Council (presently part of Morton Ward) is principally keen for the parish of Castlemorton to remain a part of single councillor ward within a rural area and request that the further draft recommendation be reverted to that previously suggested. The Parish Council believes it is important to have a single councillor ward as parishioners can then vote for the candidate who best meets their needs and the successful candidate then clearly represents and is accountable to the Parish. A two councillor ward blurs this clear representation. Our Preference: Castlemorton out of present Morton Ward and combine with the Longdon Ward.
