### Comment text:

Great Witley and Hillhampton Parish Council are aware of a suggestion to be put to the Boundary Commission review for the Malvern Hills District that they become part of a two member ward. Whilst not making any suggestions for the whole of the District, the Council wishes to express its support for the village to continue to have one District Councillor as has been the position since the first existence of the Malvern Hills District. The current situation gives us a clear reference point and holds one person responsible for any issues that need to be addressed and allows the one councillor to focus on a smaller area ensuring a closer relationship with residents and a greater understanding of local concerns. It is felt that having an elected member responsible for a much larger area with far more parishes could dilute the effort allocated to our Parish. Our village currently has close relations with neighbouring parishes but it is difficult to believe that such cohesion would be achieved with villages such as Martley, let alone other villages ten miles away.
