I want to raise my objection towards the boundary change for Coalway Road.

It is unacceptable that the boundaries are aiming to change as there is no reason why it should be changed and geographically makes no logistical sense.

There are a number of proud home owners around the Penn area who work endlessly to sustain the area to a high standard alongside MPs.

The characteristics of Penn neighbourhood are unique and there is a high standard set for the Penn neighbourhood in comparison to other areas of Wolverhampton. I am outraged that this plan is even aiming to go forward. This plan needs to be abolished immediately due to ill considerations and extremely poor decision making. This boundary debate shouldn't have been planned in the first place.

Not only will this demoralise the area, house prices will decrease and it will cause the neighbourhood spirit to deteriorate at extreme rates resulting in further crime and poor reputation.

The boundaries are simply not acceptable or logical as there would be a larger area to cover etc for all services. We also pay more council tax for being in a better area does this mean our council tax will go dramatically down???

I highly doubt!! This is a conversation we should not even be having to consider!! I am absolutely outraged
