I think that as a resident of penn, who, under the new wards would be put in graisley this move in wards is completely wrong. We brought our house in penn- a leafy, sought after area. Graislely is not this. I work for the council and am well aware of the differences between graisley and penn. We have a strong community in the penn area and I do not want this to be disturbed by a beauracratic decision over wards. We are in fact quite far from graisley and as such I do not see how we can be put in this ward. The neighbours to us close by, who are essentially over the road would now be in a different ward to us. I do not want this kind of segregation in the community and I would urge you to reconsider this decision.
