**Organisation Name:** [REDACTED]

### Comment text:

Regarding the Wolverhampton boundary changes, the proposed Penn / Graisleigh boundary (where my parents live) turns a clear, straight boundary along Coalway Road into a confusing zigzag which lacks clarity and will be divisive of the local community. People in neighbouring houses will now be in separate wards with different council representatives. Keeping a clear, straight boundary between the wards will be better for the cohesion and representation of the local community.
