Comment text:

I do not want to be part of a Headcorn ward. All my affiliations and ties are in Lenham. I am very happy with my current Borough Councillors who understand Lenham issues and the issues around Liverton Hill far better than any Headcorn Councillors possibly can. Similarly we do not want to change our KCC representation. We would still share Lenham services, health, community wardens, PCSOs and many of our organisations are shared with Lenham. We have very little commonality with Headcorn and we feel very much part of Lenham.
