Comment text:

I am a resident of Lenham Heath. I wish to express my opposition to the proposed boundary changes to Harrietsham and Lenham ward. Whilst I understand the reason and need for the boundary changes, I believe that splitting off the part of Lenham that is south of the railway line is the wrong approach. Lenham Heath and Lenham Forstal are clearly a part of the historic community of Lenham, we are served by the same KCC councillor, the same Kent Police area, share medical services, schools and have many other ties with Lenham. Being at the fringe of the Headcorn Ward would make us underrepresented and divide our community. I support the suggestion made by Lenham Parish council that parts of North Downs Ward consisting of the settlements of Otterden, Wichling, Frinsted and Wormshill which are currently in North Downs Ward could be incorporated into an enhanced Lenham and Harrietsham ward.
