To Whom It May Concern,

I would like to make the case for ME17 [REDACTED] to be part of both the Boughton Monchelsea ward as well as the parish.

We have lived in the Joywood Estate since 2008 and very much feel apart of the Boughton Monchelsea village and community. Over the years, as our children have grown up, we have frequently used the village hall along with the playground next to it.

We have just started going to the Social Club at the village hall which has been an amazing discovery for us. Somewhere, where all the family can go. Our estate has never fitted in with Park Wood and we have only every felt like Boughton Monchelsea residence.

Yours faithfully
