Comment text:

I strongly believe that Mackworth, Morley and New Zealand areas should remain as they are. We have a strong community association within our ward and it is part of our areas identity. We have good and positive partnerships between our area and this does not need to be changed. We are not in Darley Area. To change this would take away a whole areas identity which a lot of people have worked hard over the years to build up all of the relationships, partnerships and support within these areas and this should be respected and appreciated for what it is. There is no need or reason to make this change here.
