Comment text:

I support the Labour Party proposal for more wards, including their proposal for new two Councillor wards. I believe that this would be better for Derby as it would give me and residents a greater say in who represents me on Derby City Council. I support these proposals as it would reflect communities better by uniting areas that are currently split and allowing neighbourhoods to get their own voice. I urge the Boundary Commission to take on board Labour's suggestions for two Councillor wards, so that more areas of our great city can have their seat on the City Council.
