Submissions, [REDACTED]

Dear Sir,

My name is [REDACTED] and i live on Greenland Road Harper Green Ward. I came to know that you are proposing to change the ward boundary. In the proposal I have seen you have suggested to divide the Greenland Road and proposed to put half of the Greenland in GL and half in the new proposed North Ward. I have many family members living on this road and we are concerned that it will affect us as we know when a road is divided between two wards it gets difficult to get things done development and maintenance wise. We propose that you keep the whole Greenland Road in Farnworth North Ward so that the whole road fall in one ward. My children attended Harper Green School and my parents in law and other family lives near to me but they will be in farnworth north ward. I kindly request you to reconsider this and include the whole Greenland Road in Farnworth North Ward.
