Comment text:

We would like to add names in opposing the proposed change that have been put forward for the Astley Bridge Ward and the creation of a South Turton ward. Astley Bridge has a proud and long history, a local historian recently wrote a large book on the area going back several hundred years and the expansion of the original village from which the current area has grown. Residents from across the area are known for getting involved in local organisations such as, the Friends of Astley Bridge, who do so much community work in the area, including organising the local Christmas lights switch on at Andrew Lane park and large flower and artwork displays. By pushing ahead with these proposals, these fantastic community groups would be damaged, with many residents no longer living within the existing ward, while also having no connection to the new ward that they are being moved into. We would be grateful if these points could be taken into consideration by the Boundary Commission. [REDACTED]
