### Comment text:

I wish to object to the proposed changes that the Boundary Commission have published in regards to the Astley Bridge ward. I am a current resident living within Astley Bridge and feel that the current proposal to move a large part of the existing ward into a new ward of South Turton would split our community in half. Astley Bridge is a distinct historic area with boundaries that have existed for over one hundred years. I believe that the areas around Templecombe Drive, Andrew Lane Park and Eagley Bank should remain in Astley Bridge. Residents in these areas have no connection to the other areas included in the South Turton ward, largely have no direct access to the new ward and are already heavily involved Astley Bridge community groups such as The Friends of Astley Bridge. The centre of Astley Bridge is also where residents from the affected areas shop, work and send their children to school. I would be grateful if the proposal to divide the current Astley Bridge ward into part of a new South Turton ward be reconsidered and revised.
