Comment text:

We would like to add our names in opposing the proposed change that have been put forward for the Astley Bridge Ward. With a proud and long history, this community is strong, with many people getting involved in local organisations such as, the Friends of Astley Bridge, who do so much community work in the area, including organising large flower and artwork displays. By pushing ahead with these proposals, these fantastic community groups would be damaged, with many residents no longer living within the existing ward. We also understand that the proposals wish to place residents from this community into the new South Turton Ward, although there is no direct road access between the Templecombe Drive area and the rest of the new ward. This means that these residents will find it incredibly difficult to access other areas of the new ward. We therefore wish to confirm my opposition to the Commission's proposals. [REDACTED]
