Comment text:

I wish to comment on the Boundary Commission proposals for Bolton and in particular the changes that have been put forward for Astley Bridge. I am against the proposals because I believe these changes take the heart out of our community. Astley Bridge is one entity that has existed for over one hundred years and residents have a sense of belonging in the area and the community. In the area, we have many events that bring our community together often held on Andrew Lane Park. We hold a Christmas lights switch on, the Remembrance displays and a number of Easter Egg hunts for local children. These will no longer be to take place in the same way as they are organised by the ward councillors and Andrew Lane Park will fall outside of the Astley Bridge ward. In addition, the local schools, churches, shops and other community facilities used by residents in the areas that have been proposed to move into South Turton are also in Astley Bridge. For these reasons, the current proposals should be re-looked at so that our community is not divided.
