Organisation Name:**Comment text:**

I am writing to express my opposition to the proposed changes to the Astley Bridge Ward in Bolton. I understand that the current proposals seek to move parts of the existing Astley Bridge Ward, which has a longstanding history, into a new ward called South Turton. I believe this would be damaging to the families, who in some cases, have several generations living within the ward and makes little sense given the lack of a direct road between Templecombe Drive and the rest of the new ward.
