### Comment text:

I wish to add my name in opposition to the proposed changes for the Astley Bridge Ward. Astley Bridge has a strong community, and this can be seen in groups such as the Friends of Astley Bridge. The Commission's proposals will result in the removal of crucial focal points that the community relies on for many events within the ward, including for the flower and artwork displays. For example, I understand that Andrew Lane Park will be taken out of the existing ward. I do not wish to see such a historic community being destroyed that has existed for over 100 years and thrives off the strong community bond that has existed because of several generations of families living within the ward. Residents in the proposed areas that will be moved to the new South Turton Ward belong in Astley Bridge, it is where they do their shopping, attend church, and use leisure facilities. It is for the reasons I have outlined that I oppose the Commission's proposals.
