Organisation Name:

### Comment text:

I would like to add my name in objection to the proposed changes which have been put forward to the Astley Bridge Ward in Bolton. I am very much dismayed that the Council Ward of Astley Bridge will become renamed as South Turton. Astley Bridge is a very old ward pre dating Bolton Council. It enjoys a strong sense of community partly through the Friends of Astley Bridge which organises a wide variety of community events which are very well attended and are supported by local churches and organisations. Furthermore how many residents of Astley Bridge will identify themselves as belonging to South Turton. These community links will be lost as South Turton is seen as being geographically remote from Astley Bridge. I would respectfully ask all concerned in this process of ward boundary changes to consider the long-term effect of renaming Astley Bridge as South Turton.
