Comment text:

I would like to express my objections to the changes to the ward boundaries in respect of Astley Bridge. The changes which have been proposed seem unnecessary and disruptive to the community. We have a good community focus in Astley Bridge with residents engaged in a number of community events and we have a good relationship with our local ward Cllr's. We have been working well together for many years and it would be a shame to disrupt and end some of the harmony that has been created. By contrast, the residents in the areas which are being removed from the ward are being artificially implanted in a new ward, with which they have little access and no natural links. Our shops, leisure facilities and places of worship all fall within the current Astley Bridge ward, and it is where we gather at Christmas and on Remembrance Day. I see no benefit to area under the current proposals which would only serve to do harm.
