

Dear Review Officer, Bolton Review

I have seen the plans for the new wards for Bolton Council. I would rather the new ward with Bradford Road, Minerva Road and the Wilfred Andrews estate where Kingsland Road is, also had some other roads in the ward. This is because many families on roads between Lever Edge and Green Lane have spread out from the area and now have properties on Bradford Road towards Plodder Lane and the other streets I have mentioned. People visit each other every day from Rishton Lane and the Rishton Avenue area as people have close relatives living in the Bradford Road area all the way up to Plodder Lane.
