Comment text:

I wish to add my name in opposition to the proposed changes to the Astley Bridge Ward in Bolton. The current proposals seek to split up a geographically distinct and historically significant community which has existed for over 100 years. For some residents, their families have lived in the area for several generations, and this has fostered a real sense of community in the area. This can be seen in the form of local organisations such as the Friends of Astley Bridge and all the community events that are held within the ward. In addition, I don't know whether the Commission is aware that the residents in the areas which are proposed to move the South Turton ward, have no natural connection to the other areas of the new ward. There is no direct road access between the Templecombe Drive area and the rest of the new ward. It is for these reasons why I wish to express my opposition to the proposals for the Astley Bridge Ward.
