Dear Sirs,

I am a resident of the current Clifford Ward, Trafford MBC.

I find the proposed boundary adjustments and the transfer of the area north of Stretford Road to Gorse Hill ward to be an appropriate reflection of the demographic changes currently in play in our area, with significant new housing developments planned and in progress.

The changes to the boundary to Seymour Grove which will now follow that road throughout will make it easier for our councillors to deal with issues affecting that area.

The name change of the ward is also acceptable.

Yours faithfully,

[REDACTED]
