I am a resident of Leys Road, Timperley. I have lived in the area all my life. My postal address is Timperley, I purchased my house in Timperley which was built in connection with the coming of the railway, Timperley Station (outlined on house deeds-The Manchester South Junction and Altrincham Railway (MSJAR) opened in 1849 with a station in Timperley on Wash Lane (now Park Road). The Warrington and Stockport Railway (W&SR) opened in 1854 from Timperley Junction just south of Timperley station on the MSJAR). When Lt Col. Charles Edward purchased the land now Newton Park it was part of an 25 acre area called 'Timperley Park' and therefor would appreciate it if my local council did not decide to refer to this area as Broadheath. This is not a true reflection of the facts. Newton Park is a centenary park, honouring those who died in World War 1. It would be disgrace to dishonour those who died so we could walk free, purely to simplify bureaucracy.
