### Comment text:

I have lived on the Broomwood for over 50 years. It is a community in its own right, with shops, school, doctors, community and wellbeing centre to support the residents. I also work at the school, so am aware of the extra support that a lot of our families need. Splitting the estate into two would be a disaster for this community. We are nowhere near as wealthy as the rest of Timperley, and definitely not as rich as the residents of Hale Barns. We get extra funding on this estate because we are classed as a deprived area. This financial support would probably be lost if we were swallowed up into these other communities, meaning that all the provision that is made for families and children, and the financial help given to the school and to G Force would no longer be available as we wouldn't be considered as deprived any longer. Please reconsider this change, keep Broomwood together as the community that it is.
