In response to proposed boundary changes in Trafford

I am a resident of Carisbrook Avenue in Urmston and this means I will be in the Urmston Ward under their new proposals. I supportive of this as I live close to the town centre, and welcome the fact that changes to other parts of the ward mean a clearer focus on the town centre. It is also positive to note roads off Canterbury Road and Moorside Road closest to the shopping centre moved into the ward to replace the area east of the M60 around Humphrey Park.

Regards
