Comment text:

Commenting on the Wards of Horwich & Blackrod & Horwich NE I feel the current level of construction warrant's further investigation, In Horwich & Blackrod Ward the LocoWorks development is to see an increase of approx. 2000 new homes and an expected population increase of 20 - 25% in the coming decade, This will make the Ward significantly larger than any other. I would propose a better solution would be to separate the 2 wards into 3 Horwich North 3 seats Horwich South 3 Seats and Blackrod 2 seats. this would increase the councillors to 62 but I feel a fairer representation of the Towns size and complexity
