In Egerton I feel neglected, the area in the ward is so big to me and far beyond Bromley Cross, it would help if councillors took on separate parts to ensure we are all cared for, I only know who my MP is. Can we be more informed in this difficult time of Covid and tier 4.

It's about time in Covid we had boundary overlaps, in Egerton technically I can't go into Lancashire to walk my dog. Kosgirths everywhere too, nightmare x
