

Mole Valley District Council

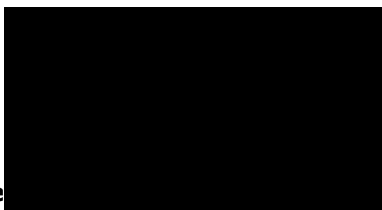

Personal Details:

Name:

E-mail:

Postcode:

Organisation Name:

Comment text:

I have lived in Mickleham, Westhumble & Pixham Ward for some 26 years and I cannot envisage any issues if we have to be joined to any of the wards around us. The difficulty as always is trying to find the right candidate to vote in. Pixham is a distinct 'urban village' separate from any of the settlements around us and Dorking North. However, I do not feel one proposal should be promoted against another based on manipulating political balance. I would prefer to keep the status quo if that was deemed possible. I do feel very strongly that an all-out election cycle is much preferable to thirds as this leads to up to three fallow months per year as far as council officers are concerned as Mole Valley is a marginal council that frequently alters the political balance and as a result its tetchiness is non-productive.
