[REDACTED] [REDACTED]

Dear Sirs

I attach an objection to the proposed boundary changes in the alvaston part of Derby

Yours sincerely

To

Boundary Commission for England

Re Derby City Boundary proposals

I vote for who are all hard working and I think do a very good and effective job will be at risk of political gerrymandering should these changes go forwards.

I do not wish to sound non inclusive, but the residents of Osmaston are not and never have been part of the Alvaston community as they have a seemingly different identity from the residents of Alvaston.

The proposed changes seemed to have missed this particular point.

I do not support the changes and must object to them most strongly and wish the commission to keep to the status quo, with minor changes, which has been with us for a considerable number of years.

Yours Sincerely
