I strongly disagree with the proposal to place Drakes Broughton in a ward with Norton and Whittington. I realize that we are not quite as remote as other villages but the location of Drakes Broughton hasn't changed and I feel that we should still be considered as a rural community. Even though there are more houses being built, we don't have any of the amenities that you would expect in an urban area. I would prefer the boundaries to remain as they were or at least for Drakes Broughton to be treated as a rural area. I certainly do not want Drakes Broughton to be lumped in with all the proposed developments that are being talked about for Norton.
