### Comment text:

I am strongly against the proposal to include the Parish of Wick into the ward of Pershore because  
\*Wick has been part of Fladbury for a number of years works well as rural area \* WDC councillors have well understood rural issues \* Pershore is a town, Wick is a rural village different issues \*Wick is a thriving community with many community groups \* Recent survey carried by volunteer group to develop community \* Wick is conservation area \* Population of Wick about 365, Pershore about 7 255 \* if Wick was to join Pershore ward then we would be poorly represented.
