Comment text:

Proposals for Wychavon District, Drakes Broughton, Wadborough with Pirton Parish. If the idea is to link like parishes together I would argue that Drakes Broughton etc is more appropriately linked as at present with a bias towards Pershore rather than joined to what are effectively Worcester linked parishes. I had understood that the consultation and changes could not be postponed until after the SWDP was finalised so therefore they should be based on any developments that have already been approved rather than ideas that, as yet, have not. I am therefore opposed to this local Government boundary change proposal.
