Comment text:

I was born in Wick in 1958 and lived here for 28 years before moving away for career reasons; I have now returned to live here for the rest of my life (I hope) and find a village that is still recognizable. Its rural history is still active with 4 working farms, and its conservation status has ensured many houses and street have been preserved. I do not believe the proposed new boundary will work well as we will be swallowed up by Pershore and then be represented by people who do not understand or even support rural village issues. The village has a range of thriving social opportunities and is very active when it comes to supporting the elderly and vulnerable. Please keep it this way and allow us to stay with Fladbury who is a more similar match.
