### Comment text:

As a resident of Linton, I wanted to say that I fully support the proposals for the South Maidstone area. They will be of benefit to both Loose and Linton. To my ear, "Linton & Loose" sounds a better title for the new ward than Loose & Linton. I concede that it is not a vital point, but names do matter. Loose will receive the majority of councillors' time and energies in any event, having a far larger population, especially with the addition of North Loose; and this small change may help to level the playing field slightly.
