Comment text:

I am very concerned to see the rural village of Hollingbourne is being grouped together with the larger, rapidly expanding villages of Lenham and Harrietsham who have quite different needs. We have always benefited being part of the North Downs Ward being associated with the likeminded villages such as Stockbury and Hucking who face similar challenges. My concern would be we will have much smaller representation and our voices will be lost. I strongly oppose to the proposed new ward boundaries for Hollingbourne and kindly ask you reconsider.
